

Otter Lake Ratepayers' Association

Otter Lake Stewardship Program in cooperation with Seguin Township

This program is designed to recognize and applaud property owners for making a significant improvement and /or protecting the existing natural environment, of their property, through stewardship activities. Our program will publicly recognize property owners who meet or exceed the standards as set out in the Seguin Township Lake Stewardship Guide “Living sustainably in Seguin”.

Participation and Recognition

- Contact us to learn more about the program
- Once you understand the program and you think you are in compliance fill out the attached survey and rate yourself
- If you achieve 75% or more on the survey, contact us and we will send representative out to review your assessment and your property
- If we agree with your assessment you will receive a pennant/flag to display on your dock or waterfront structure to recognize your achievement
- You will also have your name posted on our Lake Stewards Website Wall

Program Education, Commitment and Ongoing Responsibility

It is hoped that through this program property owners will become more aware of the potential consequences of damaging your local environment and will make a conscious effort to improve and or maintain the natural shoreline and the natural features of your property. Through these efforts we can all protect and enhance our sensitive lake environment for now and years to come.

Involvement in this program will increase your understanding and knowledge of the natural elements and sustainability of your property and natural surroundings.

We encourage all property owners on Otter Lake to participate in this worthwhile program

For More information or to submit the completed survey contact:
