

Check out this SQL video made in conjunction with the OPP

<https://www.youtube.com/watch?v=6N63q8KebdE>

Safe Quiet Lakes (SQL) has made this video in conjunction with the Ontario Provincial Police (OPP) to help educate cottagers on how to share the lake so everyone can enjoy it.

The top 3 concerns from a survey done by ERIN Research for SQL of 2291 respondents were:

- Loud boat engines
- Large boat wakes
- Boats travelling too fast near shore

The image shows a YouTube video player interface. At the top left is the YouTube logo with 'CA' next to it. To its right is a search bar with the word 'Search' inside. Below the search bar is a video player. The video thumbnail shows a loon with a yellow earplug in its ear and a radiation symbol on its head. Below the loon, there is text that reads 'Is your boat too loud? Find out more at safequiet.ca' and a circular logo with the text 'BE RESPECTFUL. SHARE THE LAKE. SAFEQUET.CA'. The video player has a progress bar at the bottom showing '0:03 / 0:30' and various control icons like play, volume, and full screen.

Find out how you can operate your boat to help your neighbours also enjoy the lake.
